

Product information

Product name	Eggbrane®
Legal ingredient declaration	Chicken egg membrane 100%
Product description	Eggshell membrane powder
Country of origin	The Netherlands

Storage information

Shelf life	
- After production	36 months
- Minimum at delivery	12 months
Storage	Keep cool and dark – Ambient temperature

Packaging information

Type of packaging	Bag LDPE
Netto weight	10 kg

Functional ingredients

Total protein	>80%	ANAL-10005-Q
Native collagen	>10%	ANAL-10018-Q
Glucosamine	>1%	ANAL-23060

Minerals

Calcium	< 5%	ANAL-10040-Q
---------	------	--------------

Physical / Chemical characteristics

Appearance	White to cream-greyish powder, having slight characteristic odor.	
Particle size	90% <150µm	
Crude ash (550C)	< 12%	ANAL-10028-Q
Densidad aparente/ Bulk density	Min 0.25g/cm ³	
Moisture content	< 10%	ANAL-1003-Q
Aw (water activity)	MAX 0.5	Internal method
Fat content	< 1%	Internal method
pH	8-8.6	Internal method

Heavy metals

Arsenic	<0.1ppm	ANAL-10222-Q
Cadmium	<0.1ppm	ANAL-10222-Q
Mercury	< 0.1ppm	ANAL-10222-Q
Lead	< 1 ppm	ANAL-10222-Q

Microbiology

Total plate count	<3000 cfu/g	ISO 4833
Molds and yeast	<200 cfu/g	ISO 7954
Entrobacteriaceae	Negative/1g	NF ISO 21528
Escherichia coli	Negative/1g	Internal method
Salmonella	Negative/25g	ISO 6579
Staph. Aureus	Negative/1g	NF EN ISO 6888-3

Allergen statement

This product contains EGG, no other allergens are present

GMO statement

This product not contain any ingredients that are genetically modified (GM) nor are they derived from genetically modified organisms (GMO)
